

## **12 Lead ECG Instructor's Workshop**

Conducted by:  
Acute Coronary Syndrome  
Consultants, Inc. of Orlando, Fl.

Sponsored by  
The Emergency Medical Care  
Program  
Eastern Kentucky University

April 4 and 5, 2001  
9:00AM – 4:00PM

Dizney Building, Room 238  
Eastern Kentucky University  
Richmond, KY

### **Target Audience:**

EMS or Emergency Department Educators. Extensive knowledge of 12-lead ECG is NOT necessary. Familiarization with current ACLS standards is helpful.

If your service has a 12-Lead program or is considering starting one, this course will provide you with the knowledge and materials to conduct the highest quality ECG training. **This course is a MUST for EMS training staff.**

### **Course Description:**

This 2-day program prepares the participant to teach 12-lead ECG programs to paramedics and nurses. Participants are provided with all of the electronic and printed materials needed to provide high quality 12-lead education programs. The 12 contact hours of lecture, discussion, and group activities includes:

- A. Acquisition and Transmission
- B. Essential Interpretation
- C. Acute Coronary Syndromes (parts one and two)
- D. High Acuity Patients
- E. BBB and Imitators of Acute Coronary Syndrome
- F. Strategies for Implementation of a 12 Lead ECG Program

The materials provided will include:

- A. CD with PowerPoint presentation, and speaker's notes.
- B. Instructors manual.
- C. Sample student manuals.
- D. Overheads and ECG masters.

Various brands of 12-Lead cardiac monitoring equipment will be available for participants to examine and use.

### **Registration:**

Through a Technical Assistance Grant from the ECU College of Justice and Safety, Program of Distinction, this course is being offered at the **reduced rate of \$60.00 per registrant.**

This is a \$300.00 discount provided by ECU College of Justice and Safety.

Space is limited! To reserve your place in this course, call the number below or send in the attached card with your \$60.00 payment to:

Community & Workforce Education  
202 Perkins  
Eastern Kentucky University  
521 Lancaster Avenue  
Richmond, KY 40475  
**(859) 622-1444**

Length: 12 contact hours.

Certificate of completion issued.

Minimum registration of 20 required.

Lunch is provided.

You've seen the new ACLS guidelines. The 12-Lead diagnostic ECG is the standard of care for field cardiac management.

*"The implementation of out-of-hospital 12-lead ECG diagnostic programs is recommended in urban and suburban paramedic systems (Class I)."*  
Guidelines 2000 for CPR and ECC, International Consensus on Science

*"Evidence supports the contention that out of hospital 12-lead ECG diagnostic programs are cost effective and may be underused. We recommend implementation of out-of-hospital 12-lead ECG diagnostic programs in urban and suburban paramedic systems (Class I)."*  
Circulation 2000; 102 (suppl I):1-176

### **About the Instructor:**

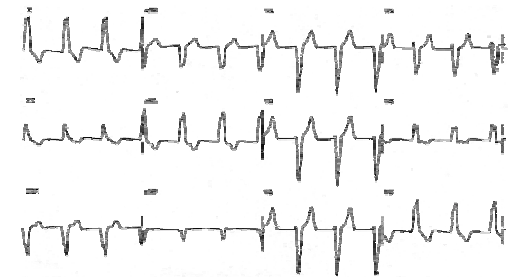

Gary Denton teaches all courses offered through 12lead.net. Gary is a nationally certified Paramedic and is the owner of Acute Coronary Syndrome Consultants Inc. He has been teaching 12-Lead EKG to paramedics since 1980. Questions? Call Gary at 352-466-0965 or e-mail at [dentonmtb@aol.com](mailto:dentonmtb@aol.com)

Funded in part by a Technical Assistance Grant from ECU College of Justice and Safety, Program of Distinction.
